

THE LONDON EDITION®

Party Season at The London EDITION

This festive season The London EDITION's basement venue will once again be transformed into a fantastical après ski lodge. This cosy wood-panelled chalet, complete with snug throws, lanterns and antler heads, is a unique venue for parties and events accommodating up to 100 guests in the heart of central London.

Guests will sip on a selection of punches from The London EDITION's award winning bar Punch Room and dine on contemporary British fare from Berners Tavern as the DJ plays your music genre of choice. Food and drink will be available in a selection of packages, priced per person.

Located on the lower ground floor of The London EDITION, Basement features custom lighting by Patrick Woodroffe, a full bar and state-of-the-art sound system, making it an ideal space for end of year office parties and festive celebrations.

One of the most spectacular dining rooms in London, Berners Tavern's beauty is only matched by the quality of the food. Since opening in 2013 under the direction of Michelin-starred Executive Chef Jason Atherton, it is among the most sought after restaurant reservations in London. Besides the usual menu of seasonal, contemporary British cuisine, Christmas feast menus will be available in both the main restaurant and wood panelled Private Dining Room, which can accommodate 14 guests.

The London EDITION welcomes festive dining and celebrations in its studio space. The rooms may be configured to accommodate a seated dinner for up to 40 guests or an 80 person reception. Finally, the hotel's Penthouse, with an expansive wrap around terrace and panoramic views is a truly exceptional option for intimate dinners, banquets and receptions of up to 50 people.
